NOTE

Minimum quantity: RTL total per order is 2 and **DAY OLDS** total per order is 5.

Quantity for pricing is total birds of one breed.

Small Order Charges: Add \$8.00 for orders less than 10 for each **AGE GROUP**.

Shipping Charge: \$14.00 per order, per date and is subject to HST.

Please note that other breeds mature several weeks slower than the Red Sex-Link.

All RTL are beak treated at day old to help prevent picking and egg breakage. Beak treatment still allows the hens to "scratch" feed or range. Pullets will have been on 12 hours of light per day when you receive them. Increase ½ to 1 hour per week (in the morning) until you reach 16 hours of light per day. Total hours of light per day and proper nutrition (no scratch or "green scraps") will bring the pullets into lay. Greens and scratch may be given at a later age, however, if birds have access to these feed sources we recommend a vitamin supplement in the water to prevent a nutritional deficiency. As well, if you plan to allow your pullets access to the outdoors, consider putting a "wormer" medication in the water. For Ready to Lay Hen, Frey's will crate you order. You will be able to use Frey's crates to bring home your order with \$75.00 deposit per crate used. Once the crates is returned in the same condition as it was in when picked up, you will receive the deposit back. If you wish to use your own crates, just bring them when you pick up your order.

Proper Handling Procedures to Prevent Contamination: Please be aware that all poultry, even chicks, are livestock and should be treated as such. Proper handling procedures will reduce or eliminate the chance of bacterial contamination. A human hand can have hundreds of species and millions of individual bacteria on it, as can poultry. **Wash your hands with soap and water after handling poultry or any equipment that comes in contact with poultry.**

Frey's Guarantee: We guarantee 100% live arrival of the quantity ordered. Extras may be included in your order. Orders are accepted subject to conditions incidental to the hatchery business. Our responsibility for loss or damage arising out of incorrect shipment of breeds, sex or numbers, delay or failure of shipment or any other cause is limited to the original price paid. Frey's Hatchery Ltd. operates under Federal and Provincial government regulations in regards to the operation of a licensed hatchery, animal husbandry practices, and disease control standards. It is understood and agreed that no representation or warranty as to livability, production, freedom from disease, fitness for use, or otherwise, is made by Frey's Hatchery Ltd.
